

Safety Notices

1. Every training departure and entry to the port before the start of the regatta must be reported to the port captain on VHF channel 12 or by phone at +48 59 814 44 30
2. When the port is open (footbridge lowered for pedestrian traffic), under no circumstances should you enter the waterway in the outer harbor near the eastern pier (right side). When the port is closed (footbridge raised for pedestrian traffic), you may tack across the full width.
3. Every individual return to the port must be reported to the nearest regatta service motorboat.
4. During the regatta (at the beginning and end of the races), a motorboat will be stationed at the port entrance to direct traffic.
5. Every coach's motorboat is obliged to assist in case of a threat to health or life after informing the head of security.
6. Passing under the footbridge is prohibited. In exceptional life-threatening situations, you must report to the head of rescue.
7. VHF channel 77 - Contact with the head of rescue.
8. All motorboat skippers must submit accreditation and must provide the motorboat's registration document and the skipper's motorboat license to the regatta office (during registration).
9. General safety rules applicable in maritime ports apply.
