

Important Information – Arrival and Trailer Parking

Dear Participants,

Please read the following information carefully regarding trailer arrival and parking. We offer two main options for catamaran trailers and one note for RIB boats:

Option 1 – Trailer drop-off at Ustka Port (West Side)

We strongly recommend this option, especially for those staying overnight in campervans in the port area.

Access: Enter Ustka Port and leave your trailer on the east side of the river.

Navigation tip: When using GPS navigation, enter “Kapitanat Portu Ustka” as your destination - [LINK](#)

Advantages:

- Ample space for unloading and reloading before departure.
- Passenger car parking will be on the west side, so this area will be less congested.

After unloading your equipment, sail directly to the main east beach,

On the beach:

- A tent for sails will be available.
- security will guard your equipment at night
- No need to wait in line to access the beach, making your stay much smoother.

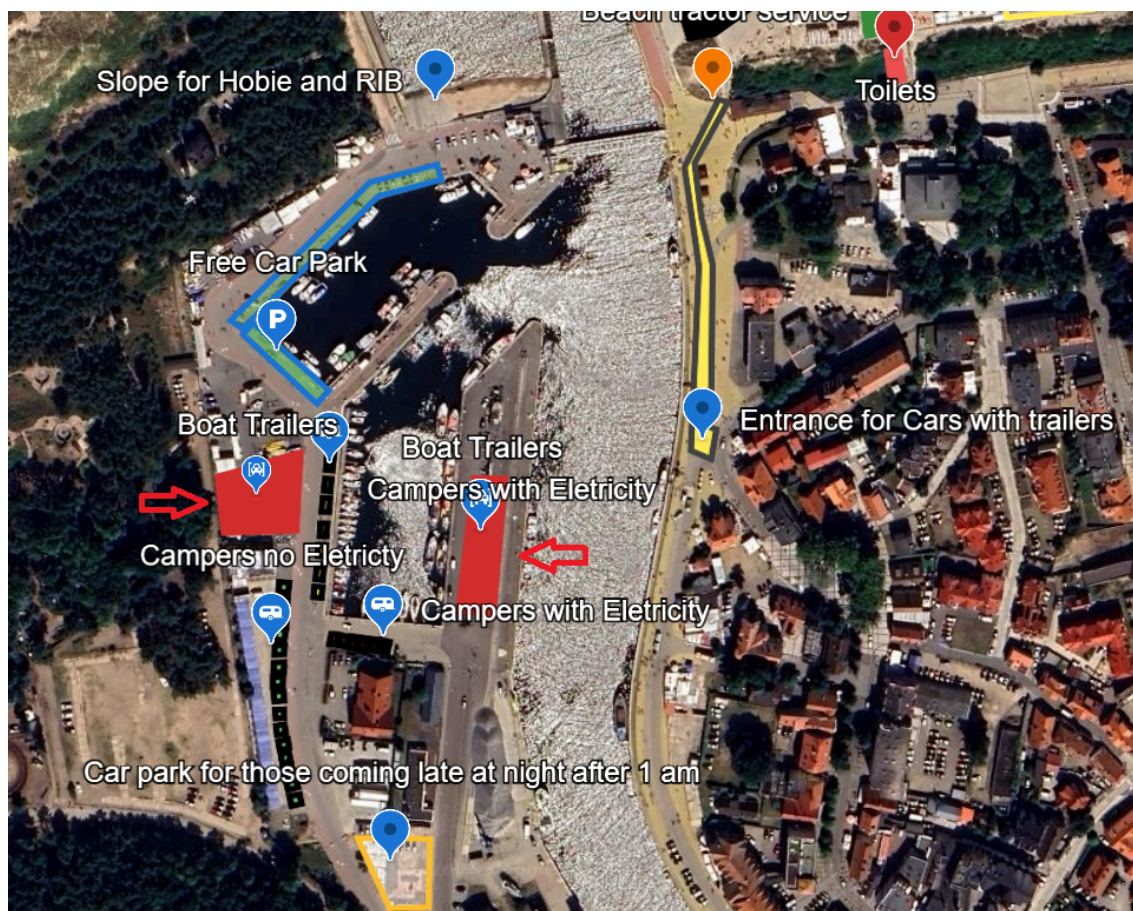

Note: A pedestrian footbridge connects the port and the beach. It opens only once per hour (for about 20 minutes), which may cause some delays.

If you don't need to access your trailer frequently, this is the most convenient option.

IMPORTANT – Night arrivals (between 01:00 and 07:00):

- If you arrive at night, please first park in front of the gate at the parking (barrier) to the port.
- Access to the port area will be available from 07:00 onwards.
- Please plan accordingly.

Option 2 – Trailer parking directly on the beach on East side of the river

This option allows your trailer to be parked on the beach, but please consider:

- There is only one beach access point, located in a very busy tourist area, which may cause traffic and delays, especially if many teams arrive at once.
- You can enter the preparation area in front of the beach access point from **06:00 AM**. This area can accommodate **7-10 boats** being prepared at the same time by unloading them from trailers onto beach trolleys.

- Bringing the trailers onto the beach takes some time, as each one is towed individually by a tractor.
- A tractor will tow your trailer onto the beach to a designated parking area between **09:00 and 20:00**.
IMPORTANT – Time restriction:
- Access to the east beach with trailers starts at **10:00 AM** – please do not plan to enter the beach earlier.
- Please unload your boat as quickly as possible to avoid congestion when going directly onto the beach. Do not block the entrance longer than necessary – other teams may be waiting to enter.

Navigation tip: For GPS directions to the beach access point, enter “Kapitanat Portu Ustka” - [LINK](#)

For RIB Boats

If you're arriving with a RIB, please head directly to the port on the west side of the river.

- There is a slipway for launching your boat.
- In case of large waves, we will assist with a crane.

Navigation tip: For GPS directions to the RIB launch area, enter “Port Ustka, ul. Bohaterów Westerplatte”. [LINK](#)
