RE: Class Rule Changes for 2020 iQFOiL International Games

For the purposes of rule 87, the iQFOiL Class approves that the sailing instructions of the iQFOiL International Games change the class rules as follows:

Add new rule C.1.1(d):

RRS B4.42 is changed to read: A board shall be propelled only by the action of the wind on the sail and by the action of the water on the hull and its appendages. However, pumping and fanning the sail is permitted. The board shall not be propelled by paddling, swimming or walking.

Change rule C.3.2 (a)(iii):

The **crew** shall wear an impact vest except when the use of a **personal flotation device** is required by RRS 40. The impact vest may act as **personal flotation devices** if in accordance with C.1.1(a).

Add new rule C.6.3:

vii. the 490 Apex mast

Add a sentence to F.1.1(e):

A 10cm carbon mast extension, as supplied at registration, may be used in the men's fleet to protect the board.

The changes have been consulted with and approved by World Sailing.

Sincerely,

Gonzalo Costa Hoevel
iQFOiL Class Manager
